- This is our major project developed during my last year college period.
- We have developed a Web Application to using MERN which is basically related to farming products and disease detection and pesticides recommendation.
- <https://agri-guard-1ibm.vercel.app/>

◆ Royal Cards Studio (MERN) | January 2026-

- This is a MERN based website provides the facility to choose the online design for wedding cards and book it. And this website delivers the number of cards to the doorstep.
- <https://royal-cards-studio.vercel.app/>

◆ Student Result Management API (Python) | April-July 2025 –

- Developed a Python-based system using Tkinter and SQLite3 for managing student records and results.
- Provided a user-friendly interface for administrators and students.
- <https://github.com/Aditya231356/Student-Result-Management-API>

◆ Image Classification (Python) | November-December 2024-

- Developed an image classification model using TensorFlow and Keras in Python.

- Completed during AICTE–Microsoft internship via Edunet Foundation
 - https://github.com/Aditya231356/AICTE_IMAGE_CLASSIFICATION_PROJECT/blob/main/image-classification.py
-

Internship & Achievements:

- **AICTE-Microsoft Internship (via Edunet Foundation)** – One-month internship under **TechSaksham** between November 2024 to December 2024. I have Worked on a project on Image Classification. https://techsaksham.org/verify-aicte-certificate/TSPIN24_601861
- **IBM SkillsBuild** - I have completed a 1-month internship program in between June 2025 to July 2025. I have developed an AI Chatbot for that communicate to the patients and according to experience detect brain tumor. <https://www.linkedin.com/feed/update/urn:li:activity:7366001403795873792/>
- **EiSystem** – I have completed a 6-week summer training program between 5 July 2025 to 18 August 2025. I have developed a website using HTML, CSS, Bootstrap and SEO. The name of this project is CampusConnect which is a website to provide connection between the campus persons and departments. <https://www.linkedin.com/feed/update/urn:li:activity:7368678952518709249/>
- Participated in **Quizpythoniya** and got **first position** in Buddha Spring Festival Mukabala competition.
- Participated in **5th National Conference on RTSET-2025** in the venue of Buddha Institute of Technology and get the **first position** in IT department.
- I have got **Academic Excellence Award** for academic performance in Buddha Institute of Technology.
- Presented a Paper in 3rd international Conference of ICICAT and IEEE in Buddha Institute of Technology in 2025. The title of this Paper is **AgriGuard: A website used to provide the best features to the farmers online on a single platform like marketing place or AI disease detection & pesticide recommendations.**

Certifications:

- **Python from Reliance Foundation** - Unstop
 - **C, SQL, HTML, CSS** – All India Internship Program
 - **Workplace Stress Management Strategies**- Udemy
 - **Tech Yuva 2024**-Buddha Institute of Technology
-

Soft Skills:

- Problem-Solving
 - Teamwork & Communication
 - Adaptability (learning new technologies and tools)
-

Extracurricular Activities:

- Student Research Co-Ordinator of Information Technology Department in Buddha Institute of Technology.
 - Class-Representative of my class.
-
